6. Reading of Minutes from previous Scratch: H.G Holzworth moved to waive the reading of the minutes of the last Scratch as they were posted on the Pup Tent website Second was made by CCBD Riggs, a motion was made by Cootie Manchester, the vote was grudgingly passed.

7. Reading of Communications: None

8. CCDB Report in Detail: CCDB Cootie Riggs read the report of receipts, disbursements, and balances, Cootie Berg made a second to accept the Duffel report as given, Cootie Manchester made the motion, the vote was terribly approved.

Previous Balance	Receipts	Disbursements	Ending Balance
\$3,342.50	\$1,745.49	\$1,577.33	\$3,510.66

9. Reading of Bills: No Bills showed up

10. Cooties or a family member of Cootie in Distress:

- **Seam Squirrel Cooperman #113 in hospital after broken leg and recovering from the surgery to repair it and other issues be handled**
- **Cootie Moshinsky #100 still required round the clock assisted oxygen and is back in the hospital for his continued lung issues**

We wish these Cooties all the best on their recovery and offer a helping of Supreme Ointment of Happiness

11. Committee Reports:

- **Membership – CCDB Riggs briefed the updated MEMSTATS for Pup Tent 6, we have reached the lousy number of 47 total Cooties and that we have meet the goal for 21/22 term of 47 Cootie and in advanced math (more legs than this Cootie has) equals 100%. A round of boos were provided by all Cooties in attendance. A reminder; any Cootie desiring to upgrade to Life, the \$50 stipend is still available.**
- **Hospital Chairman – Cootie Manny reported that Pup Tent is behind the monthly average, which is \$900 monthly, we are currently sitting at \$876 average with a year-end goal of \$11,500, please make sure to get your reports in to Cootie Manny**
- **National Home: Past Seamie Berg reported that he is working to request National Home to revise the Life Membership to include Cooties and recognize the Cooties in such.**
- **Blood Chairman – No report**
- **Death Report – Sadly Cootie George Mayo #118 passed away due to illness he was fighting, his family and loved ones are in our prayers as they deal with their lose.**
- **Rim Of Fire – Was posted on the MOC Website in Nov as well as the Supreme Cootie Courier, and the Supreme Cootie Tickle**

12. The National Home was remembered 1630 hours.

13. Unfinished Business: Blanket Bum reminded all Cooties in attendance that we had not yet approved the Pup Tent General Guidelines Policy and Procedures, CCBD Riggs made a second to table the revisions due to there are several corrections that need to be accomplished however they were not available at this meeting, a motion was made by Cootie Chapman, the revisions were tabled.

14. New Business: CCDB Riggs presented the budget as it was overlooked that the cost for CCBD Bonding was not approved in the previous budget. CCBD Riggs had received approval to pay for the bond for next year by Seamy and the budget revision read for all attending and submitted for review and signatures. CCBD Riggs seconded to accept the budget revision as presented, a motion was made by Cootie Berg. The vote was horrible.

Blanket Bum Ernie Mayeaux #111 elected himself out of the Blanket Bum position via email due to health reason. Seamy has from his bed of white and in prone position (like a cootie at play) exercised his finger pointing to H.G. Holzworth #112 in accordance with the Crummy By-Laws to assume the warm wet spot of the B.B. H.G. Holzworth reluctantly declined and crawled to the nest of the B.B.

As per the Supreme By-Law Section 307 & Grand of the Pacific area By-Laws Section 606, stating and open position “may be elect” to fill the opening, the H.G. position will remain open and nomination to be made in the February Scratch. The H.G duties will be misdirected to the B.B. for the remaining term to allow Cooties to ponder whom will have the misfortune of filling it at the next election in May 2022.

15. Good of the Scratch

Middle Bug Berg (Straight talk) commented on those failing to read the Rim of Fire and the information within it. He has places for the past months a message that, to date has not been answered. He has stated you need to read the ROF when it comes out, this is a source of valuable information as a Cootie and for the Pup Tents.

Cootie Berg also addressed the recent comments noted about Cooties on several Post Facebook and Web pages. When you comment about Cootie Posts on social media and Web pages (viewed by non-Cooties) you need to comment in straight talk. Saying something is Lousy on open net sights, many are not aware of our Cootie talk, and the wrong message is sent. Keep Cootie talk and our ritual shenanigans within the Cooties. Comment positively on social media.

Cootie Berg continued his march through the hunting grounds with further information for all Cooties, that a new Cootie’s membership application should not require a Post Vote for membership and his intention is to request Supreme to remove this requirement.

Cootie Borchers informed he has posted new Supreme MOC By-Laws dated August 6, 2021 for downloading and use, he further commented that the Grand MOC By-Laws have not been updated since July 2010 or Posted on the Website and is asking Middle Bug Berg to provide timeline when possible of the update release from Grand Pup Tent of the Pacific Areas. M.B. Berg will provide answer to Cootie Borchers soonest.

Middle Bug Berg presented his intent to nominate CCBD Riggs for the position of GMOC Little Bug for the Grand Pup Tent of the Pacific for the 2022-2023 term, and informed CCBD to prepare his paperwork for submittal. Congratulation CCDB Rigg on your pending nomination.

Last minute Cootie fines were noted by the B.B. for payment to the CCDB and the newly initiated members received their instruction to collect their membership card and ensure the duffle was satisfied with pending fines.

16. Closing the Scratch: approximately at 1710 hours

- Prayer: Sky Pilot
